**Subject:** FluoroCouncil Letter Regarding Ski Wax Technician Data  
**Attachments:** FC Letter to EPA on Ski Wax Data 12-11-15 FINAL.pdf; Nilsson et al 2010\_ski wax workers.pdf; Nilsson supplemental data\_2010.pdf

Dear Maria and Tala:

I hope life finds you both well.

My colleague Jessica Bowman who serves as the staff lead for the FluoroCouncil is on maternity leave, so I am working to help out in the interim.

Please find attached a letter from the FluoroCouncil regarding evaluation of Perfluorohexanoic Acid ("PFHxA") and some of the data related to ski wax technicians, as well as supporting information to inform EPA's efforts.

We would be very interested to meet with EPA to discuss this specific issue in more detail and to offer some broader thoughts about how the Agency might address the toxicokinetics of short chain substances, including PFHxA.

Please let me know if you have any questions or if we can provide any additional information.

Thanks, Rob

**Robert J. Simon – Vice President, Chemical Products & Technology Divisions**
